Mediterranean Forest Week IV

Start: 17.03.2015 08:00

End: 20.03.2015 18:00

The **Mediterranean Forest Week** is a common platform for regional cooperation in the Mediterranean forests, with the aim of *improving the dialogue between the research community on Mediterranean forests, the public policy makers and other relevant stakeholders*; and how to communicate to the international community and society in general the importance and challenges affecting Mediterranean forests.

Among the goals developed during the meeting, to promote innovation, intersectoral cooperation and development of the economy, including **the green economy and the bioeconomy**, to increase the **resilience of forest ecosystems**, and strengthen cooperation between scientists and responsible decision to establish a common vision for the future development and management of **Mediterranean forests**, among others.
